

Resident complains or a code officer observes a violation

Complaint logged into the computer

Case is assigned to a code officer

Standard Code Enforcement Process

City of Aurora,
Neighborhood
Services
Department

Inspection is conducted within two days
(a preinspection letter may be mailed)

If a violation is found, a Notice of Violation is issued

Property is re-inspected after the notice deadline, typically seven to 10 days

If the violation has not been corrected, the property may be abated and/or criminal action may be pursued

Compliance is the end result that benefits the entire neighborhood
