

## Deaf/Blind Child Signage

My child has a disability and I need warning signage—how do I get that?

The City will post Deaf Child Area or Blind Child Area warning signage on the local street near your residence if the following criteria are met:

- Your child is under the age of 12 years.
- You provide a letter from your child's doctor certifying the nature of the disability and your child's date of birth. Any such signage posted will be removed once the child has reached 12 years of age. We ask that you notify us to remove the signs if you move from the address requested in advance of that time.
