

## **Mixed Media and Water Soluble Media Supply List**

In this class we will explore the mediums that you wish to discover or further your skills.

Painting in acrylics, oil (water soluble oils only), pastels and all forms of drawing materials. Please bring any type of materials that you have already been using or new ones that you want to explore.

As the class evolves you will have the opportunity to see how other mediums are used and you can then decide on what might be fun to explore. Keep it simple in the beginning.

If you are completely new to art, purchase a set of pastels and 5 sheets of Canson brown pastel paper (18x24 inches), masking tape and a board or cardboard to tape the paper onto.
