

Community Naturalist Program

City of Aurora naturalists are professionally certified, experienced and excited to deliver specialty programs to scout troops and community groups. Below you will find information about how to request a program along with the related fees. See the reverse side for information on specific program information.

SCHEDULING A PROGRAM

- Choose a topic(s) and select a date and time. We recommend having several dates selected because our schedule can fill up quickly.
- Programs can be held at one of our three nature centers or at one of our many open space areas.
- A minimum of 10 participants is required to schedule a naturalist-guided program. Due to resource protection or limited facilities, some sites may have participant limits as low as 30 people.
- Remember that programs can be tailored to most special needs and interests. Ask for what you want!
